Board Meeting Open
July 31, 2008
10:00 A.M.

Meeting opened at 10:12 A.M.

Present: Vicki Keefe, Mike Harding, Carolyn Bartholomew, Ken Kennedy
Member Ruth Smith, Margie Kennedy

Agenda. Item 1. Presentation of website information for LDPOA

a. Mr. Marv Dealy of Throck Morton Enterprises presented to the Board and members, what it would take to develop a Website for LDPOA. The presentation was had lots of information about website design, the need to have easy access and management by our office staff in the future. Most of the areas covered were about design, static or hands on using the Dreamweaver program and CMS website systems.

b. There were two website systems discussed, Static and Database. The Static Website appeared to be somewhat restrictive for use by our staff. The Database website would allow the staff to make much easier entries from our office and much more user friendly.

c. The cost to set up either basic system was between \$2,800 and \$3,200. Any other additional options that might be added would be at a rate of \$100 per hour. Examples might be, photo gallery page or create a blog.

The final web host database would be located wherever the webmaster is located. There would be an ongoing maintenance cost of about \$25 per month.

Meeting closed at 11:00 A.M.
